

Shake My Blues Away

Lyrics

Sad/Happy

(This has a blues vibe and moves to blue grass when happy)

Composition: Corinne Gibbons

Lyrics: Julie Greene

When I am feeling down
A little sad and blue
Sometimes there is a frown
Or a tear or two

But that's ok!
I grab my guitar and play
The blues the blues the blues

Musical break – Wah Wah Wah

Well It's ok to feel those blues
Because everybody does
So I take my guitar and play the blues

But I can shake my blues away...

I wriggle and I shake, I shake those blues away
Sometimes I feel a giggle
Rising up from my middle
I start to feel bouncy and warm

Hahahaha
Musical break – happy whistling
Hahahahahaha Hahahahahaha

My blues have changed to rainbows
I'm hahahappy! There is a pep in my step and I feel so zappy!

My feet are moving and I am grooving
Feeling breezy oh so easy!
I'm hahahappy! Oh so happy again!

Feeling sad or feeling happy
It's all part of what makes me me!
